lights could be supplied from the city plant for not over \$23 apiece. In addition Mr. Richardsos said the city plant would furnish at least \$50. city plant would furnish at least \$50,000 of water pumping power to the water department; that the bonds for the plant had been sold, and that one contract, that of McClay and Company, for foundations, involving more than \$6,000, had already been awarded.

"The passenger and Power Company never thought we were going to build this plant," went on Mr. Richardson, "its a case now of build it or not build it. Any delay means tying it up perpetually."

Plant at Any Cost.

Mr. Gunst held it preposterous to entertain any new proposition at this time, when the city expected to have its own plant in a year or two, and charactrized the new offer as ridiculous. Colonel Grundy again argued that the acceptance of the Virginia Raliway and Power offer, even though it meant the abandonment of the proposed city plant, might result in saving money to the city.

"If it is money saved to the city," he went on, "why should we not consider

Battle Abbey Site Rejected.

The resolution instructing the Finance Committee to include in the budget for 1910, \$25,000 for purchasing a site for the Battle Abbey or Confederate Memorial Institute, and approving a site at Monument Avenue and Addison Street, met with sharp and successful opposition from Mr. Gunst, who claimed that the location selected was inadequate for the purpose; that the body had voted \$50.000, and was now about to give \$25,000 and where it would be seen, and not be in a block with residences, bounded only by an obscure and narrow cross street.

"My own idea of the site is that we rould go half a mile beyond the oulevard and place it in a large open ace." said Mr. Gunst, who had placed pies of yesterday's Times-Dispatch ith a marked editorial on the desk each member. "The first sile sected was an admirable one, at Monnent Avenue and the Boulevard. It move that lot, but in the ntre of the two streets, with a large cle around, as at the Lee Monunt. I move that the papers be rested to the Grounds and Buildings mmittee for the selection of a site."

Lot Owners Interested.

Alderman Bennett said that it might be that a few lot owners wanted the matter of the site recommitted, but he believed the Board should sustain the action of the trustees. Mr. Gunst hoty replied to the suggestion as to lot owners, denying with great vehemence that he or any relative or friend owned any lot in that section, stamping it as an "infamous insinuation." The site-should be selected, he claimed, regardless of property or friends or clubs or cligion. Mr. Bennett said the had not roperty at one point or another for is vote.

The Board of Aldermen at the meeting last night went into a discussion regarding the laying of a water pipe on Fourteenth Street, between Perry and McDonough Streets, and thence 150 feet up McDonough Streets, and thence 150 feet up McDonough Streets, and the resent there is a pipe along the line named, but it is smaller than the pipe lines along other streets and the residents of the above named streets have registered a kick. They claim the pressure is not sufficient and that it is often difficult to draw water at all. The daying of the new pipe will cost about 3500, and for this reason Mr. Gill moved that the matter be referred to the Finance Committee. His motion was defeated by a vote of five to three, and Mr. Broaddus's motion to have the pipe laid was carried by the same cote.
